

SAVE MONEY AND IMPROVE YOUR BOTTOM LINE BY DEPLOYING REUSABLE DISTRIBUTION PACKAGING

**REDUCE YOUR DISTRIBUTION PACKAGING
ENVIRONMENTAL FOOTPRINT BY APPROXIMATELY
60% WITH TECHNOLOGY CONTAINER CORP. (TCC)**

REUSABLE UP TO 500 SHIPPING CYCLES

REUSABLE: Our polypropylene boxes are stronger than paper boxes. They do not weaken or crush, even in humid or wet conditions and can withstand up to 500 distribution cycles.

EASY TO STORE:

Disassembling and storing our reusable products is easy. They're designed to collapse and fold flat when not in use to save you time, space, and money.

EASY TO SET UP: Our easy-fold products set up in an instant. Eliminate the time, material, and labor currently associated with paper box assembly.

PRINTABLE: We offer FREE one or two-color flexographic printing.

PACKAGING SOLUTIONS FOR A VARIETY OF DISTRIBUTION NEEDS

TECHNO BINS

These collapsible, corrugated plastic bins resist both moisture and humidity, and can be customized for a variety of applications. Custom sizes require a 500-piece minimum order.

PACKAWAYS™ REUSABLE HOME STORAGE SYSTEMS

The go-to product for “now-you-need-it-now-you-don’t” storage situations, these workhorse containers fold flat when not in use.

HEADSAVER™ SIGN BOARD GRAPHICS ART SHEETS

These, large, flat, smooth, corrugated plastic sign board sheets are ideal for large format printers. Custom sizes and grades available.

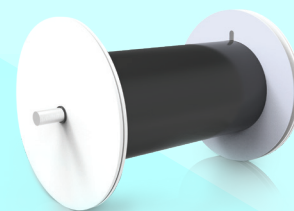

TECHNO PAPER BOXES

Our reusable paper boxes are easy to assemble, with no tape or glue required.

HEX DRUMS

Our Hex drums cost 40% less than equivalent solid fiber drums and ship flat when empty, saving 90% of the warehousing space required to house empty solid fiber drums. Available in grades up to 350 double wall. Full coverage, one or two-color printing options available.

THE REEL

A new type of reel that is competitive with wood and injected molded products. Less bulk. Smooth core. Patent pending.

AGRICULTURAL BOXES

Made from fluted polypropylene resin. These corrugated plastic boxes are an ideal replacement for waxed corrugated boxes.

FREEZER BOXES

Reusable frozen food transport packaging speeds retail handling and restocking of freezer wells.

TROPICAL BOXES

Reusable, one-touch, Shipper/Merchandising Display is ideal for the harsh demands of the Tropical Fruit Market. Patent pending.

PLASTIC TECHNO BOXES™ REUSABLE CORRUGATED PLASTIC BOXES

Drive down your distribution packaging costs to just a few pennies per distribution cycle. Our pre-automated PressSet™ boxes reduce the time, materials, and labor associated with packaging by providing your business with boxes that are durable enough for long-term reuse.

To receive a significant return on investment, boxes should be reused at least 10 times per year. TCC's plastic boxes can be reused hundreds of times, which greatly reduces distribution costs on a reusable loop cycle.

Our boxes are easy to assemble, unaffected by moisture, and offer greater resistance to crushing than alternative packaging materials.
